From the Editor

It's hard to believe that Christmas is in the air and another year is almost over! 2009 will certainly go down in the history books as a year of interesting and controversial changes. Everyone is cordially invited to the Holiday Party- I would love to see a banner turn out. What a perfect opportunity to meet new members and "old" ones we haven't seen for awhile. The gift exchange is always such a fun part of the celebration.

In this issue, you will find information on the upcoming Royal Canin/LKC Breeders Educational Seminar. The topics sound most interesting. There are also some words of wisdom to protect your fur kids from the perils of holiday trimmings. And speaking of trimmings-be sure to consider helping out with package wrapping December 7. Also, the AKC announces a new initiative for litter registrations.

This is the first issue where those who have expressed an interest in accessing the Newsletter on line will be notified that it is available for view via the LKC website.

As always, please remember to send your brags, pics of your show wins or anything else of interest that you would like to share with the club.

Happy and Safe Holidays to all!

Carolyn

Speaking of the economy!

Gotta Laugh To keep from crying:

The economy is so bad that I got a pre-declined credit card in the mail.

The economy is so bad, I ordered a burger at McDonalds and the kid behind the counter asked, "Can you afford fries with that?"

The economy is so bad that CEO's are now playing miniature golf.

The economy is so bad if the bank returns your check marked "Insufficient Funds," you call them and ask if they meant you or them.

The economy is so bad Hot Wheels and Matchbox stocks are trading higher than GM.

The economy is so bad McDonalds is selling the 1/4 ounce.

The economy is so bad parents in Beverly Hills fired their nannies and learned their children's names.

The economy is so bad a truckload of Americans was caught sneaking into Mexico.

The economy is so bad Dick Cheney took his stockbroker hunting.

The economy is so bad Motel Six won't leave the light on anymore.

The economy is so bad the Mafia is laying off judges.

The economy is so bad Exxon-Mobil laid off 25 Congressmen.

And finally...Congress says they are looking into this Bernard Madoff scandal.

Oh Great!! The guy who made \$50 Billion disappear is being investigated by the people who made \$1.5 Trillion disappear.

AKC Provides More Flexibility to Breeders

Breeders spoke and we listened!

Full Litter Registration was specially designed for breeders to individually register all the puppies in the litter to themselves at the time of litter registration for a reduced fee!

We implemented the Full Litter Registration to encourage responsible breeders like you to register all the puppies in your litter in one easy step. This benefits breeders by eliminating the individual litter puppy fee, reducing puppy registration fees and providing discounted pedigrees for each puppy in the litter. For a litter of five puppies, this saves you more than 35% in registration fees! With the standard registration process breeders/puppy owners will pay \$135 to register the litter and each puppy individually. With Full Litter, registration for the litter and each puppy is only \$85. That's \$50 off!

While this may be an outstanding offer, many of you reported a reluctance to use the Full Litter Registration because of the inability to change registration status from Full to Limited if a puppy from the litter was eventually determined to be unsuitable for breeding. We have now changed that process for you!

New Process

To address your concerns, AKC will now allow breeders to assign the limited designation to a dog post registration through the first transfer, as long as the dog was first registered through the Full Litter Registration process. All breeders of the dog have to agree to add the limited designation and it must be done before the first transfer. Remember, you can also request limited when the initial application for registration is submitted.

To change registration status from Full to Limited, all you need to do is complete an Application to Designate Limited Status. This form can be found [here](#).

New Benefits for Transfers

We will continue to work on making the Full Litter Registration process better for you

and your puppy buyers. In the coming weeks we will include special registration benefits for transfers, including a complimentary trial of the AKC Pet Healthcare Plan if not previously activated for the dog.* This valuable, no-obligation benefit offers coverage for unexpected accidents or illnesses up to \$1,500 (\$500 per incident).

Why use Full Litter Registration? Full Litter Registration allows AKC to better serve you, by offering reduced pricing, allowing you to select the names of each individual puppy, ensuring the accuracy of puppy data (color, markings, etc), securing the proper use of kennel names, and eliminating the risk of puppy buyers not completing the registration process. The Full Litter application can be found [here](#).

Full Litter Registration also creates an added incentive for fanciers to successfully participate in the AKC Registration Pledge Challenge currently underway. By using Full Litter you are guaranteeing that 100% of your puppies are ultimately registered with AKC.

Special Offer Today!

If you register your litter using the Full Litter Registration between now and December 31, 2009, we will give you a special \$20 Pedigree coupon to apply towards your next purchase of an AKC-Certified pedigree. The coupon will be sent to you after the completion of your Full Litter Registration.

For more information please contact AKC Customer Service at info@akc.org or 919-233-9767.

Thank you for your continued support of AKC.

Brag N Wags

From Carolann Van Wyen:

My Corgi - Wynfox Captain Henry St. James was shown by me in the Bred By class at Salisbury Maryland Kennel Club on Sat. Nov. 7, 2009.

He went Best of Breed under Judge Wendy Willhauck, and then was awarded a Herding Group 3 under Judge Edeltraud Laurin.

Congratulations Carolann!

Have a great holiday with all of your family (including your dogs)

But:

Don't encourage your family members and guests to give your pet inappropriate snacks. Sodium-rich foods (especially peanuts and chips) and other fatty foods like poultry skin and gravy can cause an inflammation of the pancreas. Pancreatitis is a potentially life-threatening condition.

Make sure to dispose of aluminum foil, plastic wrap and wax paper from various foods. If your pet can get to it, he or she will lick the food off foils or wraps. If they accidentally swallow the wrapping or foil, it can cause an intestinal obstruction.

Secure your garbage. Your furry friend can quickly get into the garbage and gobble up whatever smells good – including the string used to tie the turkey.

Onions, garlic and grapes in holiday stuffing and other traditional foods can lead to canine anemia if consumed by your dog.

Keep chocolate and alcohol away from your dogs – as they are also toxic for pets.

Turkey bones are also dangerous for your pet. Since they are smaller, dogs will tend to not chew as thoroughly and the bones can snap or break. Any brittle, spiky bone could lodge in the esophagus or cause an irritation of his or her stomach or intestines.

You might want to try to feed your pets before the guests arrive. This might reduce the temptation for begging and stealing.

While a parade can be fun for you and your family, it is probably best to keep your pet home and away from parade celebrations. With the large crowds and a lot of noise, your pet can become stressed or even worse, can get lost in the crowd.

Royal Canin the official Sponsor of the New 5 Day Celtic Classic March 2010

www.celticclassic.com

Dear Friends:

The York, Lancaster, and Delaware County Kennel Clubs are planning our **FIVE** day Celtic Classic in York, PA at the Toyota Arena -York Expo Center and Memorial Hall East. The past two year's Cluster was a huge success and we expect another great year of attendance by exhibitors, vendors, and the public. **We have added an additional day in 2010 and held the catalog advertising rates to the 2009 fees!** The five-day cluster highlights AKC dog shows, obedience trials, breed education, concessions, and more. From March 17th thru the 21st the 5 day event will take place at one location and will attract thousands of spectators and exhibitors alike.

We are inviting you as members of the community and the surrounding areas including dog care professionals, proprietors of food, lodging and other services that are valued by our exhibitors and spectators to consider advertising in our **5 Day All-Inclusive Celtic Classic Show Catalog.**

Activities at the Toyota Arena York Expo Center will generate interest and revenue for the York area and provide catalog purchasers with valuable information about your local services and products. Not only will the catalog help out-of-town exhibitors locate you in the neighboring York community, it also provides an opportunity for you to advertise your services and goods to spectators and exhibitors that will come from the surrounding areas.

This 5 day cluster is the only AKC All-Breed Point Show and Obedience in our local community. The 5 day catalog is an essential guide to all activities during the shows. It is saved by exhibitors and spectators as a valuable source of reference for products and services.

The advertising prices are extremely reasonable for the opportunity to promote your services, products or to acquaint your business or services to the wholesome, family activity, "The Sport of Dogs". This catalog will be available for all five days of the cluster. We look forward to your support of the Celtic Classic with your advertisement, announcement, or best wishes to all exhibitors.

A few comments:

As this is my last year as chairman I want to thank everyone who have helped and supported this event.

Year after year we receive many comments from attendees how much they appreciate Lancaster being able to hold this clinic right in Lancaster County.

We see the same faces year-to-year and always a “see you next year, same time, same place”

Many folks are counting on us to continue so they can keep their dogs cerf Registry updated yearly.

I wish the new chairman the best and will help out where I can – we do need to contact Dr. Koch ASAP as he is booking quickly.

CART is thinking about putting on a seminar for the local police, FBI, game and fish commission personnel. They would like us to partner with them by picking up the tuition fee for the attendees. Motion made by Ann and seconded by Tammy to investigate further the partnership and would like to view the training materials to make an educated decision. Motion carried.
- 2. Trailer and Shed:** Tammy suggested we sell the trailer since it is not being used that much. Discussion took place no action taken. Also, suggested that if we don't have the trailer to store indoors that we could get a smaller storage unit closer to Lancaster and for less money. Also suggested that we do an official inventory of the storage unit so that that treasurer can keep a good account of our assets. It is also a good idea to have that inventory in case of fire or theft.
- 3. Bereavement Policy:** Bernie is putting together a policy on what to offer for donations, etc for members/member family at time of loss.

Adjourned: 8:25 PM
